Peninsula Takes Gasoline Rationing In Stride on Opening Day of Plan

Redwood City and other Peninsula commuters took the first day of gasoline rationing in stride Tuesday. Although some commuters were forced to stand on trains traveling toward San Francisco, there were no more of these than usual and railroad officials noted only a slight increase in the number of passengers.

A check of commuter trains showed that no Redwood City commuters were forced to stand and it was not until trains approached Millbrae that seats were not available.

Highway traffic appeared to be about normal at the peak commuting hours, according to observers.

Henry McGraw, veteran South San Francisco policeman on duty at the main Bayshore Hwy. intersection there, said there were just as many automobiles as ever. He predicted the slump in motor vehicle traffic would not develop until tanks filled yesterday and secretly stored containers are emptied.

McGraw's opinion was shared by both railway and bus line officials.

2 PER CENT GAIN

Larry Helmer, Southern Pacific chief clerk in the office of the district passenger agent, said that checks made on all trains by company employees showed but a 2 or 3 per cent increase today over previous days.

F. W. Ackerman, Pacific Greyhound vice president in charge of the operating division, estimated a 10 per cent gain in bus traffic as his lines began using new schedules designed to eliminate auxiliary and little used stops.

Both Ackerman and S. G. Talbot, Redwood City bus agent, said that few passengers were forced to stand.

TRAFFIC MAY GROW

A prediction that traffic will increase on both buses and trains was voiced, however, by Helmer.

"Right now commuters are still using that last tank of gasoline in completing their Christmas shopping. When that tank is gone they will be forced to other means of transportation and we'll see a heavier traffic," he predicted.

As a reason for the 68 standing passengers from Millbrae to San Francisco on the train leaving Redwood City at 7:42 a.m., Helmer said shipyard work schedules were shifted so often and unexpectedly that rail officials could not keep pace in shifting cars from one train to another.

A car on an earlier train which went empty because work schedules had been changed through South San Francisco could have been switched to the 7:42 train if officials had known about it sooner, he said.

There was no grumbling among the standing commuters this morning and those asked for opinions said they realized the rail line had every piece of equipment in service and that trains were now in many cases pulling as many cars as possible. Helmer promised another passenger check Dec. 9 when the

peak load is expected. Following this, he said, cars will be shifted to trains needing them.

Peninsula gasoline dealers said that crews working through to midnight when the federal program rationing gasoline to four gallons weekly went into effect were able to handle all comers and that none was turned away.

Although a sale of available gas tank locks was heavy, station operators soon ran out of existing supplies.

No cases of storing gasoline on the Peninsula were reported, but Joseph Lodi, Redwood City deputy fire chief, warned again that such storing in excess of five gallons is illegal unless permission is given by the fire department.

In other parts of the country there were reports of fires from such containers and in Los Angeles one man was burned severely when a lighted cigarette ignited gasoline an attendant

An Honest Man Is Dr. Groth

The man Diogenes was looking for—

Dr. H. H. Groth, San Mateo veterinarian, notified the board of supervisors at Redwood City that an assessment for \$7200 worth of improvements had been left off his 1942-43 tax bill. The board restored the item.

Assessor Martin Flynn explained that the omission was a clerical error.

Boards from seaweed which are suitable for many commercial purposes, are being produced experimentally in Ireland, says the Department of Commerce.

was pouring into three five gallon cans for him.

Redwood City industries claimed that there was no apparent dislocation of travel schedules in their plants. All employees, they said, arrived on schedule and none appeared seriously inconvenienced by the transport shortage.

In South San Francisco war plant parking lots autos were parked fender to fender.

The rationing was ordered by the federal government to conserve rubber.

Errol Flynn at Sequoia!

Ronald Reagan and Errol Flynn take on the Nazis in this scene from their new picture, "Desperate Journey," a Warner Bros. adventure film about how an RAF bomber crew, forced down in the heat of Hun-land, fight, dynamite and shott their way back to England. This exciting picture of the Commandos will share honors with "Highways By Night," starring Richard Carlson and Jane Darwell, at the Fox Sequoia Theater on Sunday, Monday and Tuesday.

Indigent Relief Aid Drops in S.M. County

Continued falling off in the number of persons dependent on county indigent relief in San Mateo County was reported today by California Taxpayers' Assn. The number of persons receiving this kind of aid dropped from 911 in September to 850 in October. January total was 948. County indigent aid paid out throughout the state dropped from \$715,893 in January to \$503,645 in September and \$448,415 in October.

Unless Really Necessary PLEASE DON'T TRAVEL

WAR SERVICE COMES FIRST!

Don't travel unless you must... War service must come first... Ask yourself, before you travel: Is this trip necessary?

These, briefly, are admonitions and warnings of our Government, for all transportation is now vitally needed to carry our Armed Forces, workers in war plants and other essential travelers.

In the past, Americans took extra trips over the Holidays, causing an above-normal volume of travel.

But these are not normal times. Today transportation is faced with a serious shortage of equipment. Trained personnel has been depleted by the need for fighting men. Lower operating speed has become necessary in order to save rubber. Now gasoline rationing will make

it necessary for many additional essential travelers to depend on already overloaded buses.

That is why we appeal to you to postpone any pleasure trip you have planned which requires the use of public transportation. But another important reason is that thousands of our boys in the Armed Forces want to be home for the Holidays. Every one of them who can get leave deserves this privilege... we are not asking them not to travel. You, by giving up your trips, can add to their enjoyment and comfort. We are sure that every American will be eager and proud to make this sacrifice.

So please don't travel unless absolutely necessary—especially over the Holidays and week-ends.

GREYHOUND

KEEP BUYING WAR BONDS AND STAMPS

Stanford Offers Two More War Courses

STANFORD — Two more free war training courses for women are to be offered by Stanford University, it was announced today by Eugene L. Grant, director of Stanford's war training office.

A 12-week course in aircraft drafting is to be given starting Jan. 4. High school graduation and two years of mathematics are the prerequisites for taking the tuition-free course. A course to train women to be chemical technicians and analysts will start Feb. 15, Grant said.

The Galapagos Islands are dotted with two thousand volcanic crater cones.

Group Reports Population Growth

Commenting on Washington reports that Bay Area population has increased to 1,542,000 since the 1940 census, San Mateo County Planning Commission technicians today reported their own estimates that San Mateo County population has increased 20 per cent in the same period. The area increase is estimated at 5.5 per cent.

The 1940 census credited the county with 111,782 persons. The current estimate is 135,000.

The census population for the Bay Area was 1,461,804. The figure released in Washington, based on sugar ration book issues, was 1,542,000.

Apprentices Needed At Mare Island

Young men are needed at the Mare Island Navy Yard to become apprentices in 18 different mechanical trades, Chester B. Fox, local secretary, U. S. Civil Service, announced today.

Wages are \$4.64 a day, the work week is 40 hours with time and one-half for overtime; and upon successful completion of each year, a 96-cent a day increase will be granted, Fox said. More information may be secured from Fox at the Redwood City post office.

ed on sugar ration book issues, was 1,542,000.

Truck Driver Asks Probation

Glen R. Bowman, 19, truck driver, who admitted beating his 10-month-old stepdaughter, Margaret Hattan, asked for probation when he appeared before Judge Wade H. Clay in Daly City Tuesday. The judge referred the case to Probation Officer Francis Robinson for a report in two weeks.

Bowman is accused of slapping the baby about the face so seriously that it was cut and bruised. The complaint was signed by Mrs. Jewell Foster of Colma, the baby's aunt in whose care the child had been left by its mother.

MENLO PARK NEWS

BY D. E. O'KEEFE

A rumor was started in town last week to the effect that local gasoline stations would probably close on account of scarcity of gasoline. They are still running and most likely will continue to do so.

John Hurley is here from Pittsburgh, Pa. to establish a home in Felton Gables. He is a retired attorney. His only son is a prominent lawyer located in New York City.

Several flocks of wild pigeons have arrived at the Flood Estate. There they have plenty of acorns and toyon berries to feed upon. The birds cannot be shot as they are listed as non-game birds.

James McGuire is here from Washington to establish an automobile agency. He has been shown several locations, but has not decided upon which one he will select.

Irving Dunn, former councilman of Menlo Park, is here on a brief visit with his mother. Mr. Dunn is in the army and located somewhere in Texas.

Mrs. John Heltzel, a pioneer resident of Menlo Park, passed away suddenly Wednesday. She was ill but two days. She was a native of England. She is survived by her husband and an adopted daughter.

The Menlo Theater that has been undergoing extensive repairs for some time past will open with a blaze of glory some time next week — on the 15th probably. The interior arrangements are the finest on the Peninsula.

Three candidates for councilmen are being groomed for the election to take place next April. The election promises to be a spirited one. The citizens of Stanford Park are determined to have a representative on the board.

It is rumored that Stanford University is about to erect a \$100,000 chemical building on the Hopkins property, recently acquired by bequest. Work, it is said, will be started within a month.

Estate Appraised At \$24,455.69

Mary F. Swift, Burlingame widow who died Mar. 6, left an estate worth \$24,455.69, according to an appraisal on file in superior court at Redwood City today. Included was \$3945 in banks and real estate in Burlingame, Half Moon Bay and San Francisco valued at \$19,900.

Mrs. Swift's will, written in 1938 with two 1941 codicils, is being contested by three relatives.

San Mateo Booked For Burglary

A Sunday driver with \$600 cash in his pockets today was accused of dipping into a service station till in Millbrae for a mere \$21. A burglary complaint was issued by the district attorney's office this morning.

Defendant is Joseph Tresick, 33, San Mateo, who admitted to officers that he was an ex-convict and was fired from his job as Greyhound bus driver last week.

According to Frank Palmieri, Millbrae police chief, Tresick went to San Francisco, picked up his girl friend, Orma Brown, 22, a waitress, and drove down the Peninsula. At Millbrae he stopped the car, left Miss Brown seated in it, walked to Privett's Rio Grande Service Station at Taylor Blvd. and El Camino Real. There, according to Palmieri, he saw no attendant and reached into the cash register.

Joseph Bertetti of Daly City, gasoline truck driver who was filling tanks at the service station, saw Tresick and grabbed his arm as he extracted the money from the till. Palmieri charged that there was \$21 in Tresick's hand.

Tresick was booked at the county jail at 5:35 p. m. Two hours later Palmieri discovered Miss Brown and booked her for investigation. She will be released according to Dep. Dist. Atty. Burress Karmel.

URGE LAW

Asst. Dist. Atty. Daniel E. Sullivan said the proposed uniform county curfew ordinance will probably be presented to the board of supervisors Dec. 15. Sullivan said he has contacted all city attorneys in the county and has obtained their views on the advisable time, penalty, exemption, and other provisions of the proposed law.

The Mennonites take their name from Menno Simons, who was born in Holland in 1492.

Hillsborough Mayor Opposes Council

HILLSBOROUGH — Ernest Ingold, who said that other business prevented him from attending the council's organization meeting at the Burlingame city hall last month declared that law enforcement problems are the responsibility of those elected or appointed for that specific purpose and as long as they do their work properly, there is no need for the citizenry to do anything further.

REDWOOD CITY
PHONE 1300

Spotters: Volunteers Report All Air Traffic

Reaching a new high in efficiency, all San Mateo County army air forces observation posts marked up 100 per cent records during the past month, Harold Bishop, chief observer of the Menlo Park post, said today.

This 100 per cent record means that not one post throughout San Mateo County missed "spotting" one plane during the entire month, he said.

Each post is manned by more than 200 volunteer workers who are constantly on the lookout for anything in the air 24 hours a day, seven days a week.

These volunteer "spotters" work in pairs on two-hour shifts until midnight, then three-hour "graveyard shifts" until 6 a.m., when they go back to a two-hour shift schedule.

They must report to the army filter center in San Francisco everything they see in the air—all planes, blimps, even the apparently innocent United Airliners that fly back and forth to Southern California.

The Menlo Park post, which serves the entire Palo Alto area, is manned by more than 200 residents of Palo Alto, Menlo Park, Atherton and vicinity, Bishop said.

Under the direction of Chief Observer Bishop, the Menlo Park post has been reorganized under a system of day and night captains, and day and night supervising captains.

Mrs. J. B. Howell is day supervising captain, and Cal Collins is night supervising captain. The seven captains on the day shifts are Mrs. J. W. Speyer, Mrs. Mary Dompe, Mrs. Thomas Cuff, Mrs. Eli Weil, Mrs. R. Brenner, Miss M. Smyth and Mrs. E. Ehrman.

The night shift captains are Frank Rose, E. E. Ames, M. Pacioretti, J. L. Aydelotte, Ralph Brenner, J. G. Walling and Robert Stirling.

Each day and night shift captain is in charge of filling the shifts on one day a week. These captains draw from lists of volunteers who have signed up for this work. In case some of these volunteers cannot serve, the captains draw from substitute lists.

Although all the regular lists have been filled, the Menlo Park post still needs volunteers for its substitute lists, said Chief Observer Bishop.

Adult School: Air Class Starts

Among new courses just starting at the Sequoia Adult Evening School is an aerial navigation class, S. S. Mayo, principal, said today.

G. C. Kehmeier, commercial transport pilot, will be instructor of the course, which will be held each Monday and Wednesday evening from 7:30 to 9:30 o'clock in room 110-C of the Sequoia High School building.

"Seldom are we so fortunate as to secure an active transport pilot as instructor of such an interesting and valuable subject," Mayo said.

Mayo emphasized that interested persons do not have to be experts in mathematics to take the course.

Other new courses which have been organized because of local and state demand are:

1. Physical fitness for men, Mondays and Wednesdays, 7:30-9:30, boys' gymnasium; Luke Argilla, instructor.

2. Pre-employment machine shop (open to women), 7-12 each night; John Grass, instructor.

3. Vegetable production, Tuesdays and Thursdays, 7:30-9:30, gardening building; Richard McIntosh, instructor.

4. Poultry and egg production, Tuesdays and Thursdays, 7:30-9:30, room 27; J. H. Stubbe, instructor.

There is no registration fee for any of these courses, Mayo said. He said, however, that those planning to take any of the courses should register at the main office.

Grand Jury: Report Due In March

The San Mateo County Grand Jury is at work on its final report, to be presented sometime in March, it was announced by Foreman James B. Howell of Atherton, Howell said the jury met Monday and was divided into five committees to study information already gathered for presentation in report form. The committees:

1. Fiscal (tax collector, assessor, controller): B. U. Brandt, Charles C. Hirsch, Howell and Frank Duarte.

2. Juvenile Education, Recreation Commission, Education, Agriculture, Health and Welfare: Mrs. Lottie Feary, James W. Sherwood, Hugh C. Riley and Frank Borling.

3. Sheriff, Fire Warden, District Attorney, Courts, Publicity and Advertising: Harry C. Welch, J. J. Madden, Brandt, County Executive, County Clerk, Purchasing, Coroner and Public Administrator: Felix B. LaCross, W. H. Weeden, B. J. McCarron, Hirsch.

4. Traffic, Civilian Defense, County Engineer and Road Department: Madden, Weltner, Henry A. Beeger.

The jury will meet again Dec. 16 and will meet twice in January and twice in February, Howell announced.

Exchange: School Plan Explained

A. C. Argo, Sequoia Union High School superintendent, and two student speakers, Irving Metzger and Miss Sunny Boyd, pictured to members of the Redwood City Exchange Club Tuesday night the scope of the high school's war program.

Argo disclosed that the school is planning an elective course in military instruction if suitable instructors can be found, and already is giving some close order drill in connection with its pre-induction training.

"Our main objective is to make our boys physically fit for duty," he explained.

He stressed the importance of education, however, in preparing boys for the highly specialized and technical assignments now given to U. S. soldiers and sailors.

Metzger, speaking on the general school program, listed the pre-induction courses in the curriculum. Miss Boyd spoke of extra-curricular war effort by the students in war bond and stamp sales, the salvage campaign, victory speakers bureau, Junior Red Cross, and preparations to convert the high school into a home for evacuated children should the need arise.

'Sweater Girls' Face Charge Here

The district attorney's office at Redwood City has issued robbery complaints against Mrs. Betty Kieffer, 24, and her sister-in-law, Miss Mary Kieffer, 19, arrested Saturday in San Francisco after a San Francisco burglary in which Mrs. Kieffer was shot.

Narciso Steffanalli, Colma bartender, signed the complaint

which charged the two "sweater bandits" with armed robbery of the Globe Cafe in Colma Nov. 21. Steffanalli said the two women waited until all customers had left then held him up and took between \$75 and \$80.

The two women are being held in San Francisco, one in jail and the other in a hospital. Steffanalli identified Mary Kieffer.

What You Buy With WAR BONDS

The Ship's Compass is the guiding hand of every warship as well as merchant ship. It is usually located immediately in front of the wheel so the steersman merely has to look down to watch his course through the trackless waters.

Uncle Sam is on a record ship building program, the greatest in the world's history. We must have ships to win this war and your purchases of War Bonds will not only provide the all-important compass, but the ships as well. INVEST AT LEAST TEN PERCENT of your income in War Bonds every payday and do your bit toward winning the war. Buy from your bank, Building & Loan Association, your radio station or at some retail stores.

U. S. Treasury Department

Bankers Sell Government Bonds

America's bankers are now doing a door-to-door, telephone-to-telephone selling job—that of selling government bonds—it was pointed out here today.

The commercial banker—the same individual that is behind the glass door, the barred window and the mahogany desk—is now selling government paper for money that will pay the bills for guns, planes, ships and food to beat the Axis. His assignment is to keep the United States Treasury in funds—in December a \$9,000,000,000 job.

W. L. Hemingway, president of the American Bankers Assn., asked 15,000 banks of the nation "to give all-out aid" to the program and "to go the limit" in the "sale of government securities to the public."

No Potato Allotments In 1943 AAA Program

Potato acreage allotments will not be included in the 1943 AAA

Red Cross Mobile Canteen On Display in Redwood City

Members of the Redwood City Red Cross canteen corps are smiling with pride today for the new mobile canteen which they worked all Summer to purchase has arrived here and was on display this week in front of the Red Cross headquarters.

The \$1865 worth of combined truck and kitchen arrived in Redwood City Sunday evening with Mrs. Ernest A. Fox of Duane St., vice chairman of canteen and canteen instructor, at the wheel and Mrs. D. W. Williams in the backward-facing assistant's seat, thus ending a 2000-mile journey from the factory.

Mrs. Fox and Mrs. Williams left for the East six weeks ago to get the canteen truck. The two women paid all of their own expenses, leaving gasoline and oil as the only expense to be met by the Red Cross chapter—thus saving the Red Cross a freight bill amounting to some \$200. For the first 300 miles of the trip from Detroit, Mrs. Fox and the canteen were part of a 16-unit army convoy, which had a "tough top sergeant" in command and a mechanic on hand just in case. The army, according to Mrs. Fox, takes delivery of all trucks, jeeps, ambulances and such for mid-western post at the factory. Red Cross Motor Corps members, under the supervision of army personnel, drive the vehicles away from the factory.

The mobile canteen is a snub-nosed ton and a half kitchen on wheels, gleaming white inside and olive drab on the outside, with identification in the red and white colors of the organization.

The interior is equipped with sink, drain board, 30-gallon watertank piped to the faucet, facilities for keeping 20 gal-

program, according to information received by M. R. Mattei, chairman, San Mateo County Agricultural Conservation Assn.

A higher potato production goal has been set for 1943, Mattei said, but he warned that farmers who do not have equipment adapted to potatoes should not plant potatoes in the expectation of obtaining equipment at a later date. The increase in potato production is needed primarily because of the increase in population in California as a result of the war.

ions of hot soup and 20 gallons of hot coffee, a two-burner kerosene stove and cupboards for the storage of enough sandwiches or similar light food for 900 people. Both sides open part way to form serving shelves, and the back opens to form a loading ramp. Gadgets on the running boards open out to form ramps past the serving shelves.

The entire \$1865 was raised by members of the canteen unit here—by means of parties during the Summer and donations from friends. Taking part in the enterprise were Mesdames J. F. Angus, W. C. Billingsley, Alda Bygones, W. H. Byrnes, Therese Coffey, F. O. Cooke, Thomas Cutting, Stanley P. Doyle, H. G. De Golla, Gordon Dickerson, W. E. Ayer, J. J. Eschleimann, J. E. Farrell, Alice Foulks, Ella Dodge, W. H. Glathie and T. J. Griffin.

Also assisting were Mesdames Frank Heathman, F. A. Helfrecht, S. S. Jeffries, Clarence Johnson, Ellen Jenkins, Joel Kaufman, Irene Keneally, Charles Lachman, H. E. Low, Conrad Lazzareschi, Florence Martin, Dessie Miller, F. J. Man-gin, Kathryn Morris, T. B. Palmer, Charles Raff, H. S. Ramsey, Marian Richter, Margaret Righetti, Amy Smith, Frances Smith, Alice Stafford, Margaret Slawson, Yvonne Stubbe, M. E. Teller and Grant Taylor.

Other canteen workers who helped out the project were Mesdames J. A. Walden, E. H. Werder, P. K. Winchell and Elizabeth White; Miss Lulu Beeger and Miss Theresa Falla.

I. J. (Jerry) Cooper is chairman of the canteen service.

Parallel Parking Starts in R.C.

Parallel parking was started on Broadway Tuesday with the painting of white lines by the street department. There will be parking lanes on each side of the street, two through-traffic lanes and two "live-parking" lanes. City Mgr. Robert W. Mead said. Painting of the white lines was started yesterday and Mead said he expected it to be completed

this afternoon. Individual parking spaces will be marked later, he stated.

Parallel parking replaces diagonal parking on Broadway in accordance with an ordinance adopted by the city council on recommendation of the Redwood City Traffic Study Committee.

Alcohol freezes at 200 degrees below zero, Fahrenheit.

WE'LL REMEMBER
THIS CHRISTMAS!

Warlike Christmases live in the memory long after the happy, care-free ones are forgotten. For the shadow that war casts over every home, is intensified at this season. We must not let the radiance of Christmas be dimmed. Joyous occasions like this are part of our way of life. And Christmas is one of the things we're fighting for. There must be giving... generous giving, but no gift should be extravagant. For the Gift of Gifts, for all of us, is the Victory we are working for... and to achieve it, we're going to have to buy lots of War Bonds, however much we must sacrifice to buy them!

Death Takes S.M. School Executive

HILLSBOROUGH—Francis J. McConville, 50, one of San Mateo County's leading educators and superintendent of the San Mateo Union High School District for the past 1 1/2 years, died Wednesday at his home in Hillsborough, following an illness of nearly 10 months.

Mrs. Cora McConville, his wife, was overcome with grief at her husband's passing and school officials and leading citizens all through the county expressed their deep sorrow over the death of one of Northern California's outstanding figures in the field of education.

At both the Burlingame and San Mateo High Schools, flags today were at half mast as a tribute to the superintendent's leadership and at Burlingame High School a moment of silence at this morning's assembly marked the school's first observance of his passing.

Mr. McConville was elevated to the position of superintendent of the school district in July, 1941, replacing Homer Martin, who left the post to become controller for the San Mateo Junior College.

Miss Pansy J. Abbott, county superintendent of schools, commented:

"The passing of Francis J. McConville leaves a vacant place in education not only in San Mateo County but in California. During his long years of service as a classroom teacher, a principal, and a superintendent, he made a definite contribution."

Construction Drops Sharply

Extent of war damage to building activity in San Mateo County was disclosed here when A. W. Russell, county building inspector, reported on November business and compared it with November of 1941.

For November, 1942, building activity totaled \$20,200, lifting the 1942 total to \$1,172,427.

For November, 1941, building activity totaled \$171,300 with a total for the year at \$3,527,958. Fee collections by the office dwindled from \$1202 to \$272.60 in the same period.

Youngsters To Get Candy At R.C. Party Saturday

Although war shortages have caused committee members to scramble to obtain enough candy for distribution to Redwood City youngsters at the annual Christmas party Saturday, K. B. Towne, chairman, said today he had been assured sufficient sweets would be on hand to fill the 3000 boxes which will be given away.

Towne emphasized, however, that because of shortages candy will be given only to youngsters 12 years of age or younger.

Featuring music by the municipal band under the direction of Bernard W. McCann, the party will be staged at 2 p.m. Saturday at the Central School grounds. Santa Claus will arrive by truck.

Members of the Christmas party committee besides Towne are B. B. Berman, E. M. Hart, Earl G. Higginbotham, Charles A. Nelson and W. D. Ryan.

Those co-operating with the committee are B. P. Datson and scoutmasters, who will provide Boy Scout guards; Hamilton Day, Hyrum Stout, J. J. McCann,

Chester Armstrong, Warner J. Britschgi, Frederick Hardwell and Girl Scout Executive Louise Stiles.

Meanwhile, Wyatt announced metal wreaths for city street lamps will be used for the last time this year.

On completion of the Yule season the wreaths, purchased last year, will be torn down and contributed to the war effort as scrap metal. Wyatt estimated they would provide approximately 1000 pounds of pure tin.

The wreaths will be erected by Fire Chief Mark R. Ryan and fire department members in the near future, Wyatt said. The committee in charge of street decorations includes Jack Blane, Abe Jacobs and W. J. Warren.

NOT GUILTY FLEE

Edwin Reynolds, 32, Woodside butcher accused of killing his wife, Josephine, at their Woodside home Oct. 10, today has pleaded not guilty to manslaughter charges in superior court at Redwood City. The case was continued two weeks.

Mrs. W. C. Talbot Dismisses Suit

Mr. and Mrs. William C. Talbot III of Hillsborough have been reconciled it was disclosed here when her attorneys filed in superior court at Redwood City a dismissal of her separate maintenance suit.

Her attorneys were Thomas, Beedy & Paramore of San Francisco, who said the Talbots' marital difficulties had been settled.

In her suit, filed July 23, she alleged that he had left her June 8 to establish residence in Nevada, and had requested her to divorce him in order that he might wed another.

REFRESHING SALAD

You won't need to guess about this salad—the family will react to it favorably: sliced tomatoes, minced green pepper, chopped celery and grapefruit sections on crisp lettuce with mayonnaise. Or if you like to fuss a bit, mix the pepper, celery and grapefruit together and pack in tomato shells. Top with dressing.

An average home burns enough fuel oil in a year to drive a destroyer 50 miles.

Howard Gives Estate Accounting

Robert S. Howard, USN, was discharged as special administrator of the million dollar estate of his mother, Mrs. Fannie May Howard Herrscher, after rendering a satisfactory accounting to the court.

Judge Maxwell McNutt allowed young Howard \$2500 as his fee, plus a like amount for his attorney. His \$100,000 bond was discharged.

Administration of the estate will proceed under Robert and Capt. Lindsay C. Howard, U. S. Army, named co-administrators.

How To Relieve Bronchitis

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION for Coughs, Chest Colds, Bronchitis

BOYS' LIFE

Greyhound Driver, Wartime Style

Connie Hodapp, one of the first women to take charge of a Greyhound bus, is shown here in the attractive uniform especially designed by the bus company for its feminine drivers.

Women To Drive Greyhound Buses

Experienced women drivers will soon be seen at the controls of commutation buses operating in this territory, it was stated today by F. W. Ackerman, vice president of Pacific Greyhound Lines. The first women Greyhound drivers are expected to go on duty in this area within a few days.

These women are very carefully selected and trained, Mr. Ackerman said. They must conform to strict physical and mental requirements, must be between 21 and 35 years of age, at least 5 feet 4 inches in height and not less than 125 pounds in weight. Women who have had some experience in driving trucks and other heavy equipment are given preference, although experience and ability in driving automobiles is sufficient basis for training.

It was pointed out that before any woman is permitted to take charge of a bus she must satisfactorily complete the regular training course given to men drivers, which includes extensive personal instruction under driver-teachers in actual bus operation in both city and highway traffic, as well as in all phases of handling the public. Applicants must qualify in every re-

spect with the high standards set by Greyhound Lines, and, needless to say, all women cannot pass these tests. However, they are paid while learning and when qualified become drivers on a pay basis equal to men.

Already more than a score of women drivers are operating Greyhound buses, some 50 or 60 more are going through the training school, and Mr. Ackerman stated that Greyhound expects eventually to employ about 600 women for local service in and around the Bay Area. This will release an equal number of men to the armed forces and for war production work.

FOOD CLASSES

In conjunction with the newly organized San Mateo County Home Food Production Committee, Sequoia Union High School and San Mateo Junior College have established classes in poultry production and Sequoia will start a gardening class under Richard McIntosh, head gardener, it was announced by Agricultural Comr. Max J. Leonard.

Your rugs will last longer if they are turned about in the room approximately four times a year to equalize wear.

Christmas 1942... share it!

Memories of home tug hardest during the holiday season. Recruit and veteran alike feel it. Share your Christmas holidays with the boys in Service. It is the kindest, most sincere way to show you care.

Furloughs for the holidays have been restricted. Return to home will have to wait until Victory and Peace have been attained. There is a boy who will miss Christmas at Aunt Martha's up on the coast of Maine. There is a boy with a southern drawl who will miss old Liza's cooking. There is a ranch boy from Wyoming who will miss his Sis, home from college for the brief vacation. There are thousands of boys such as these—away from home, each one eager to meet home folks, talk to someone who reminds him of Dad or Mother or Uncle Hal or Aunt Cassie. And without fussing he'd like to be "one of the family" for a day.

Adopt a son of Uncle Sam during the holidays. Call your local U. S. O.

DON'T LET GAS-WASTERS SABOTAGE YOUR MOTOR CAR

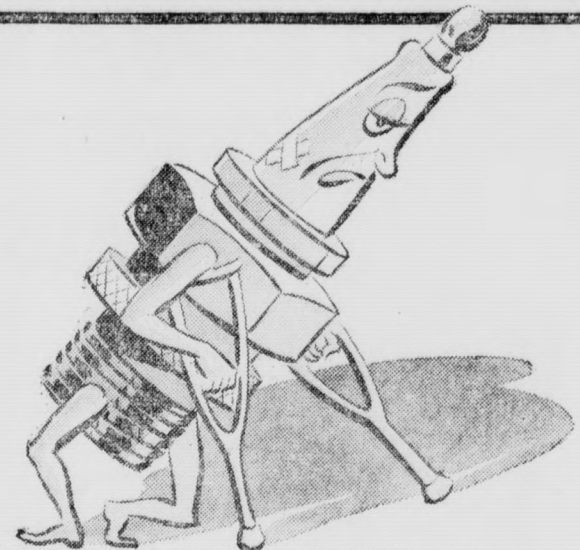

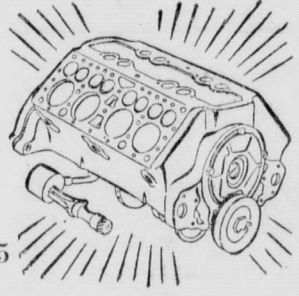

CHECK THESE 9 IMPORTANT WORKING PARTS CAREFULLY!

LEAKY WORN-OUT MOTORS SMUGGLE AWAY POWER

Remember what loyal cooperation in gas-economy you got from your motor when it was new? If it's turned into a traitorous "gas-burner", trade it in for "new-car" pep and economy-performance!

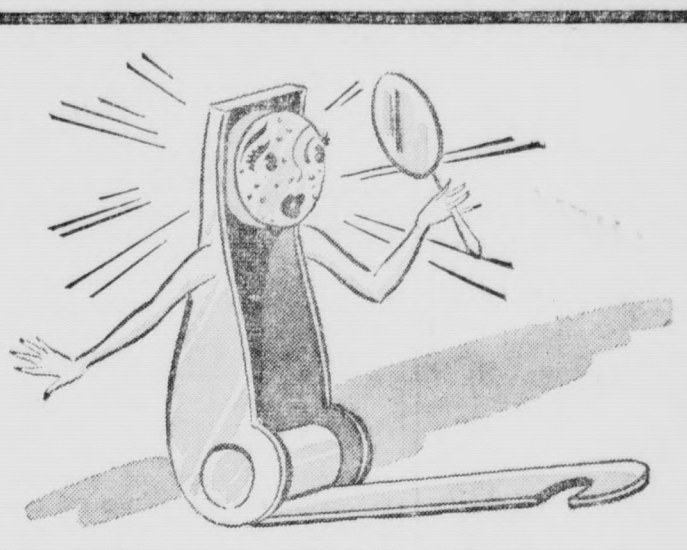

Ford V-8 '33-'45 Model 65.95
(Exchange Price)

CRACKED SPARK PLUGS CAN STEAL 10% OF MILEAGE

It's highway robbery! What a crime to let six or eight enemy agents get by with so much, when what you save on gas will soon pay the low replacement cost. For every make car or truck.

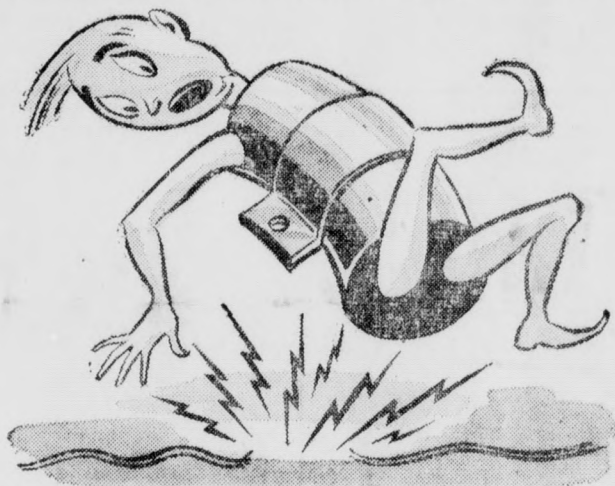

Wards Best Spark Plug 45c

PITTED IGNITION POINTS MAKE STARTING HARD, WASTE GAS

Every time worn-out points conspire to give you a tough time starting, they're throwing away just so much gas. Eliminate this source of sabotage by installing a set of new Ward points now.

Ford '28-'31 23c

DEFECTIVE CONDENSERS MEAN THERE'S TROUBLE AHEAD

Rain, fog, even mist can "short" a defective condenser. If yours needs replacing, get one at Wards now, before trouble strikes. Wards have complete stocks of parts for all popular-model cars.

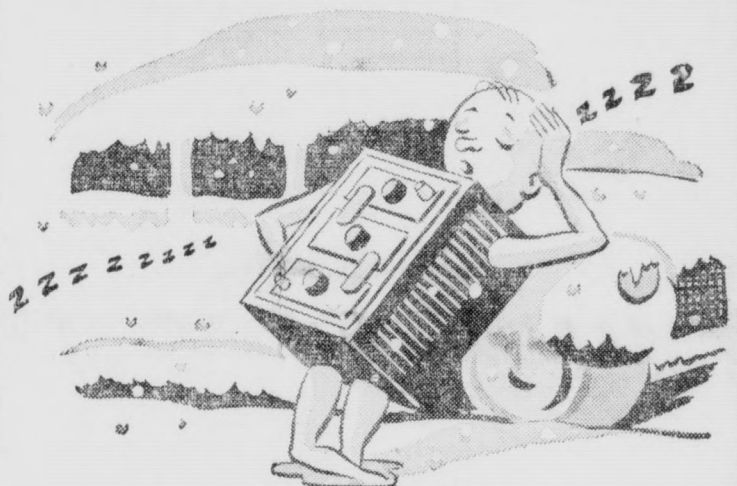

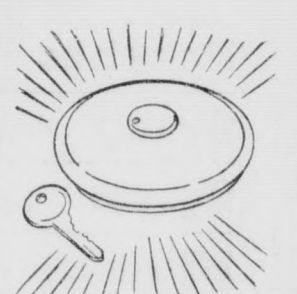

Ford '28-'31 25c

UNLOCKED GASOLINE TANKS INVITE GAS BANDITS

Gasoline is too precious these days to leave around in the open. Guard it like gold! You can't lock it in a vault but you can lock it in the tank. One twist of the key ... you know your gas is safe!

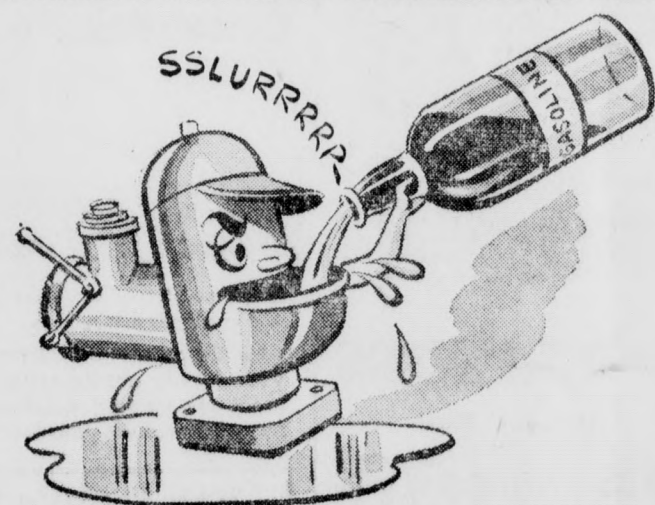

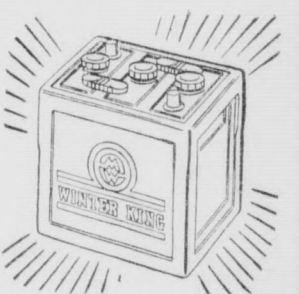

Locking Cap 45c

A LAZY BATTERY WASTES POWER IN WINTER STARTING

It takes a hearty battery to do a quick, gas-saving job of winter starting. If yours is lying down on the job, trade-it-in for the pep and output you need. Let us install a guaranteed Ward battery.

Kwik-Start Battery 6.15
(With Old Battery, 1.15)

DEFECTIVE CARBURETORS HIJACK POWER AND PEP

You can't expect your gas to give you everything it's got if you're handicapping it with an uncooperative carburetor. Put in a Ward carburetor to give your gas that "all-out-for-victory" punch!

Ford Model A-AA Carburetor 5.79

SLUGGISH OIL SLOWS DOWN GAS "EFFORT"

Lubrication can undermine or step-up the entire performance of your car. Get rid of sluggish oil before it starts a "sit-down strike." Refill with Wards 100% pure Pennsylvania Motor Oil!

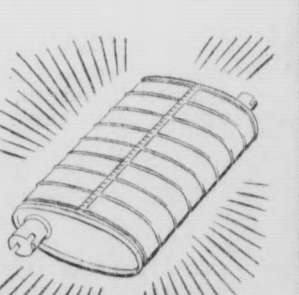

2-gallon can 1.55

A PLUGGED-UP MUFFLER CAN'T BREATHE

Is your muffler stopped-up, split or in a general state of ill-health? This fellow alone can cut mileage as much as 10% if he's not "breathing" properly. Replace with 100%-efficient Ward muffler.

Boy meets girl... both meet 7-Up... and that's a friendly gathering. 7-Up, the "fresh-up" drink, is welcome wherever friends meet. It's a good companion on any friendly occasion!

"FRESH-UP" WITH 7-Up

County Victory Gardeners Form Production Group

San Mateo County's victory gardeners were organized on a county-wide basis today following a meeting of 47 persons representing garden clubs, women's organizations, schools and service clubs in Redwood City Monday. George J. Davis of Millbrae, treasurer of the San Mateo County Fair Assn. which in peace years stages the annual Fiesta, was named chairman of the new organization to be known as San Mateo County Home Food Production Committee.

Following a state organization plan to increase home food production, the organization will spread to every city and unincorporated district, Davis promised. He named two of several sub-chairmen: J. H. Stubbe of East Palo Alto in charge of the committee on poultry and rabbit raising; and Andrew Spinas, Redwood City school superintendent, in charge of school and youth participation.

Sub-chairmen in charge of home gardens, harvest shows, preservation of foods and other committees will be appointed later, Davis announced.

Max J. Leonard, county agricultural commissioner, presided at last night's meeting and stressed the need of growing vegetables at home to meet the normal need for fresh greens.

"Three quarters of the vegetable crops now grown in this county are taking a back number in the federal order of essentials," Leonard declared. "They are on the 'grow less' and 'forget it' lists."

The emphasis is on animals and feed, he declared.

Dr. Vera Greaves, representing the University of California Agricultural Extension Service, declared that the family must become most self sufficient in the war emergency. She pointed out that it is patriotic to produce food at home, thereby releasing some of the strain on transportation and distribution.

Clifford Clower, representing the State Department of Agriculture, explained the state victory garden organization plan.

One of the first accomplishments reported was the subdivision of 12 acres of the San Ma-

teo Junior College campus into 100 family garden plots, already under cultivation.

Garden enthusiasts predicted that vacant lots will disappear as the war progresses.

Stubbe said one of his first moves would be to request city and county governments to re-

Here's a canape that will make a hit with your guests: Crisp crackers spread generously with cream cheese topped with cooked shrimps which have been dipped in Worcestershire sauce.

lax restrictions against growing chickens and rabbits. He said production of poultry will be a mainstay in combating the meat shortage.

Blood Donors: Red Cross Seeks Added Volunteers

Mrs. Richard Schmidt, chairman of blood donor service for the local Red Cross, today sent out a call for more local citizens to give blood for the fighting forces.

The mobile unit of the San Francisco Blood Procurement center will be stationed at the

First Congregational Church Dec. 11 and 12. Two hundred donors will be needed to fill the quota from this area, Mrs. Schmidt said.

"Applicants must weigh at least 115 pounds to be eligible," said Mrs. Schmidt. We have had to refuse some willing donors

because they were below this minimum weight set by doctors for the good health requirements."

Mothers of young babies are eligible if the baby is at least nine months old, she declared. Age limits of all applicants are set at 21 to 60 or from 18 with parents' consent.

All blood received is taken within 24 hours to the Cutter Laboratories for processing into plasma, at which point it be-

comes the property of the government, a gift from citizens through the American Red Cross. No blood is ever sold. Mrs. Schmidt pointed out. It all serves vital needs of wounded men in the armed services.

For appointment call the Red Cross at Broadway and Jefferson (R. C. 118).

The first successful cigar-making machine was introduced in 1919, but millions of cigars are still made by hand.
